

Swim Lesson Parents and Guardians,

This is a friendly reminder that swim lessons will be starting this week. In preparation of lessons, please be sure to take the time to look over the COVID-19 Prevention Swim lesson policies that can be found on the [website](#). Failure to follow these policies will result in denied access to your lesson that day. We ask everyone entering the facility to wear a face covering. Participants must be wearing them as they enter and exit the facility as those observing must keep them on at all times. We are only permitting one observing adult per participant, with the exception of one child ages two and under. We require you to complete the questionnaire upon check-in and sign in each day in the designated blue binder at the front desk.

All swim lesson participants will be entering through the [front lobby](#). Observers will be seated in the mezzanine if lessons are at the recreation pool and at the grand stands if lessons are in the competition pool, no observers are allowed on the pool deck any time after greeting the instructor before and after the lesson times. If lessons are in the training pool, there are very limited designated seats on deck for observers. Social distancing is expected for all observers.

At this time, the recreation locker room is open and access will be limited with only 4 people max allowed at a time. We will have the family locker room accessible at the recreation pool as well as the single use locker rooms at the training pool.

Please contact Jasmine at jasmine.capegsan@greensboro-nc.gov if you have any questions or concerns.

Kind regards,

GAC Front Desk
