WATER FITNESS CLASS DESCRIPTIONS

SENIOR H2O

An enjoyable, safe exercise program designed to increase feeling of well-being and improves performance of daily activities.

ALL classes are located in our Recreation Pool.

WECOACH

A total body workout that focuses on the 5 components of fitness: cardio, neuromotor, muscular strength, endurance and flexibility,

What you put into these workouts is what you get out of it!

ALL classes are located in our Recreation Pool.

AQUA DANCE

Designed to fire up the core muscles and strengthen your posterior chain muscles. Seniors will learn a gentle way back to the dance styles the love and enjoy!

ALL classes are located in our Recreation Pool.

DEEP WATER

Designed to tone your muscles and improve your cardio. Participants for this class must be comfortable and able to propel themselves in 7ft section of our pool. This class utilizes floatation belts but each person must be able to do these skills without one.

ALL classes are located in our Training Pool.

ENDURANCE

Designed to build muscle and cardiovascular endurance! This class is based on interval training and high intensity movement.

ALL classes are located in our Recreation Pool.
